A DIVISION OF AMERICAN LOUVER COMPANY

Certificate of Crashworthiness

Certificate Number PLAS003

Rhino Channelizer Barrel

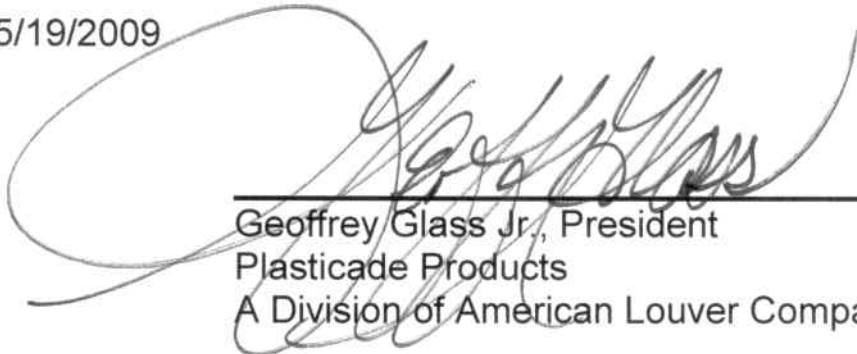

Plasticade Products certifies that the Rhino Channelizer Barrel meets or exceeds Part 6 of the Manual on Uniform Traffic Control Devices (MUTCD) November 2003 Edition Section 6F.62.

We also certify that the Rhino Channelizer Barrel meets or exceeds the National Cooperative Highway Research Program (NCHRP) Report 350, Category I, issued by the Federal Highway Administration (FHWA) and is deemed compliant as referred to in WZ-54 (generic self certification of lightweight devices).

The Rhino Channelizer Barrel has been in use for many years and deemed to be "crash worthy" under the guidelines stated above. The Rhino Channelizer Barrel has demonstrated safe operational performance and poses virtually no risk that this barricade will (1) enter the driver's compartment, (2) take away the driveability of the vehicle, (3) have a significant effect on the control or trajectory of an impacting vehicle if properly assembled and installed.

This certificate shall not be reproduced except in full.
