Superior Grilles In Every Way

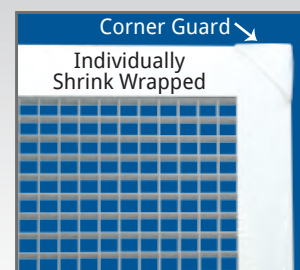

CONSTRUCTION & APPEARANCE

- Strong frame and core, all aluminum construction
- Electrostatically powder coated for a hard finish and strong adhesion
- Consistent appearance, no matching problems lot to lot
- Micro-welded neck corners
 - keep grille squared for each insertion
- Cells are squared and centered
 - balanced uniform appearance
- Sealed corner seams
 - no unsightly gaps or rough edges to collect dirt
- No ugly hold down tabs, nothing to show through grille
- Eggcrate locked into unique "frame channel"
 - no rattling, squeaking, or vibrations

PACKAGING

- Individually shrink wrapped
 - keeps finish scratch-free and dust-free
- Corner guards protect against damage
 - reducing returns and scrap
- Shipped in master cartons of 10 - 40 grilles
 - this means fewer cartons, reducing your handling costs
